

STATEMENT OF THE SUBSTANCE OF INTERVIEW

Applicant's representative, Lenny R. Jiang, contacted Examiner Yi Chen on April 30, 2008 to discuss the status of the claims for the present application.

In order to expedite the prosecution for the present application, the Examiner's rejection of the independent claims 1-25 under 35 U.S.C. § 101, as well as amendments to those claims, were discussed. General amendments were discussed regarding "module" as recited claim 1. The Examiner indicated that a disavowal that the module is a software per se interpretation should overcome the rejection under 35 U.S.C. § 101. General amendments were discussed regarding "control point" as recited claim 13. The Examiner indicated that amending the claim to recite a hardware element, such as a "cache," would overcome the rejection under 35 U.S.C. § 101.

It is respectfully submitted that the instant STATEMENT OF THE SUBSTANCE OF INTERVIEW complies with the requirements of 37 C.F.R. §§1.2 and 1.133 and MPEP §713.04.
